DOWNWARD COURSE.

Fast Being Realized by Frankfort People.

Daily increasing till the back is lame and weak.

Urinary disorders quickly follow.

Diabetes and finally Bright's disease.

This is the downward course of kidney disease.

Don't take this course. Follow the advice of a Frankfort citizen.

Mrs. Amanda Dean, of 15 Taylor avenue, wife of J. T. Dean, boatman, says: "While I did not personally use Doan's Kidney Pills I can highly recommend them for the great relief they afforded my eldest daughter, who has always suffered more or less from a weak back ever since a child. On account of this condition it was almost impossible for her to lean or to lift anything. Accompanying this there was a difficulty with the kidneys which was very annoying and distressing. I learned about Doan's Kidney Pills and procured them for her at J. W. Gayle's drug store. She took them as directed and they helped her in every way. "Her back felt very much better and stronger and the difficulty with the kidney secretions was much improved. My youngest daughter complained a great deal of her back hurting her too. I gave her Doan's Kidney Pills and the results in her case, as well, were most satisfactory."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other.

ETHICS OF EDUCATION.

Second Paper.

Rockin in his broad expanse of individual thought once said: "Education is leading human souls to what is best, and making what is best of them. Education does not mean teaching the people to know what they do not know; it means teaching them to behave as they do not behave."

So indirectly we follow this line of analysis to a broader apothosis and decide with Emerson: That every action, with its natural consequence, forms a whole which cannot be broken. Justice is never postponed; a perfect equity adjusts its balance in all parts of life, every secret is told, every crime is punished, every wrong redressed in silence and certainty. What we call retribution is the universal necessity by which the whole appears, the Divine Nemesis, of the spiritual as well as of the materialistic harvest.

"Whatsoever a man sows that shall he also reap."

If smoke is seen there must be fire, while crime and punishment grow out of one stem, cause and effect, seed and fruit can not be severed—for the effect already blooms in the cause, the end pre-exists in the means—the fruit in the seed.

We are the future representative men and women, of Franklin county, to come from if not from the rank and file of the kingdom of the child? How and by and through what means and methods must this class of legislation (compulsory which is not enforced), be reached?

The public schools are crowded to death, and the public school teacher so harassed and circumscribed that her daily routine of duty which should otherwise be a pleasure becomes a "sounding brass and a tinkling symbol."

The oft-recurring excuse for tardiness and non-attendance is "that the child is needed at home." It requires money and suitable clothing to send the children to private school, and being unable to procure either money or clothing, the parents turn the children out into the broad fields of labor or idleness in the country, or loose upon the streets to breathe not only the miasma of a dirty atmosphere, but a contaminating influence of a corrupt association. If the habits are formed in this plastic mold of youth the children have a fair show of growing up to manhood and womanhood disqualified, by ignorance, to accept or occupy any office in the gift of the State, and by reason of vicious tastes, also objectionable to hold places of trust either in city or country. But they must be heard! What must the answer be? Grave and conscientious questions in the quiet cloister of heart and home, in the subpna of civil, judicial, and legislative enactment, as well as at the bar of God. There seems, just at the present moment, an evident desire on the part of certain professionals to censure the theories of a bill before Congress for a laboratory for the investigation of schools, in the study of criminals by anthropological methods.

The controversy is very interesting, and the datum positively alarming! The document on "statistics," etc., says: "The group of States that show the greatest education and intelligence, the North Atlantic, North, Central and Western, also exceed in patho-social evils, as insanity, suicide, nervous diseases, juvenile criminals and almshouse paupers." The assumption is deprecated "that education and intelligence tend to increase social evils," and some inconclusive reasons for doubting such an influence is given. Yet the statistical analysis is accepted without connecting links. The main interrogatory is, whether the insane, suicides, juvenile criminals and

paupers come in a larger ratio from the illiterate and non-intelligent classes or from the more thoroughly educated and intelligent classes. The United States census of 1890, shows that the quota of insane in each million of illiterates is nearly double that of the quota from those who can read and write, the ratio being nearly two to one. "For instance, while homicide for 1890, for the whole United States was 92 in the million, and had risen to 117 in the million in 1890, the North Atlantic division averaged only 50 in a million, in 1889, and 62 in the million, in 1890. The North Central division having had 73 homicides per million, in 1889 and 80 in the million in 1890." These findings for special graftings prove "that education increases crime or that crime increases education."

Let us return to the chronology of circumstance, the motherhood of desire, and the vantage ground of a definite aim and purpose? A true mother thinks nothing too trifling that concerns the betterment of her child; she protects it in every way possible from the evil, and stimulates the good, she keeps vigil, and watches through the quiet hours of infancy, the growing days of childhood, through the enduring years.

Oh, ye fathers! Awake to the blessed possibilities of the hour! Inspired by honest conviction—take up the golden thread of opportunity and compel the children to attend school! Lead them by your lamp of discretion and enthusiasm into the broader fields of learning, teach them that "life is what we make it." The incentive of a great success and a crown of joy forever.

A THOUGHTFUL MAN.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all drug stores.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes, swollen, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one need fail to try them. Only 50 cents, guaranteed at all drug stores.

Dr. Weaver's Syrup Purifies the blood; Cures (cures) for the skin.

SPLENDID ARTICLE.

The Glenmore Whisky is distilled at the Glenmore Distillery, in Daviess county, Kentucky, which distillery was started about 24 years ago by Mr. R. Monarch, and, at which distillery, for years, there were distilled the famous brands of "Glenmore."

The whisky is of the heavy bodied Daviess county type and has always been a favorite and a good seller amongst the most discriminating trade who insist on getting heavy bodied goods.

The distillery is located about 1 1/2 miles east of Owensboro, Ky., on the Ohio river, on one of the most ideal distillery sites in the State.

In 1901 a vast amount of money was put into the plant in improvements until it is now recognized by the trade as one of the very best houses in the State. The water supply is very fine, and is inexhaustible, so that whisky can, to good advantage, be made at the distillery at any season of the year. The goods have a peculiar character that we have seen in no other whisky, and which individuality causes the customer to stick to the brand and make it very hard for others to try to substitute other goods for it.

The whisky is distilled on the sour mash survey. The utmost cleanliness is maintained throughout the distillery, in fact, the most delicate plant will grow anywhere around or under the fermenters or the yeast room. The distillery is operated on a very large scale, has an output running from 120 to 150 bbls. per day. The above high grade goods on sale at John Driscoll's at \$2.00 per gallon.

NARROW ESCAPE FROM DEATH.

On Thursday morning, Dr. Robt. Assistant Physician at the Stewart Home, was found hanging out of the second story window of the Home, caught by one leg under the eash. He was unconscious and has so remained. It was at first thought that he was dead, but he was resuscitated by Dr. Jno. P. Stewart and Dr. U. V. Williams, who worked with him for quite a while, though they could not restore consciousness.

Of course it could not be learned how the accident happened. His family live in Shelbyville.

BODY OF INFANT FOUND IN RIVER.

On Thursday afternoon the body of a white male infant child (supposed to be about seven months) was found in the river, near the Hoge Co. coal float.

Coroner L. S. Graham was called and took charge of the remains.

It is not known whether the child was living when thrown in the river by its unnatural parent, or whether it was still born, and this method was taken to hide the woman's shame.

BAD CUTTING BY BOY.

On Thursday afternoon two lads y the name of Ben Cassidy (son of Prof. J. B. Cassidy) and Lamp-n McDaniel (son of Deputy U. S. Marshal N. J. McDaniel) became involved in a difficulty, in the State use yard, in the course of which young McDaniel cut young Cassidy with a knife in the right side

of the neck, below the right ear, and twice in the back, near the shoulder blade.

Dr. H. M. Keller was called and attended to the injuries of young Cassidy. He thinks that, unless one wound in the back is deeper than at present supposed the lad will recover.

A warrant was sworn out for young McDaniel, charging malicious cutting.

THE STREET FAIR.

The Street Fair was held this week as announced. The shows, both free and pay, were a little above the average of such affairs. Especially, the high dive (from a platform 100 feet above a water tank only about five feet deep) and the spiral ball. The balloon ascensions were perfect successes and no accident happened to mar them until Thursday, when an accident occurred, of which on account is given elsewhere.

The fireworks were up to the average and some of the newest pieces were beautifully and artistically displayed.

So far as the crowds in attendance were concerned they were much smaller than any that have attended the Fairs given heretofore.

While there was but little if any public gambling (as heretofore), we are informed that any one who wished a quiet game could be easily accommodated.

The behavior of the crowds during the day was fairly good, but the conduct at night was simply outrageous, and girls and ladies, unaccompanied by protectors, were pushed, pulled and hauled about in a disgraceful way that came near, on several occasions, producing trouble.

It was promised that there should be no rubber balls allowed or the cane nuisance, but no attention was paid to the promises of the managers, and the flour throwing became so annoying that the Mayor was forced to issue a proclamation absolutely forbidding it, after which it was measurably abated.

The music furnished by the First Regiment Band, Kentucky National Guards, and the Carnival Band was exceptionally good, especially that furnished by the first named.

We gravely doubted the propriety of holding the Fair this year, and our doubts have been more than fulfilled. So far from being of any benefit to our city, we are convinced that it was almost an unmitigated evil, and we earnestly hope that no other may ever be given.

There has been a want of harmony among the managers and a pulling in different directions which would injure a much better cause.

DESERVED COMMENDATION.

Each afternoon during the Fair the Roundabout office was honored by the First Regiment Band with several of their choice selections of popular music, the rendition of which could not have been surpassed by any band in the State! In fact, this band, as now constituted, and under the efficient leadership of Capt. W. H. VanWinkle, is an instruction the citizens should

Dr. Miles' Nerve Cure Them Both.

Dr. Miles' Nerve is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it my duty to let you know that your medicine has cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic and a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nerve and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nerve and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send this my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. QUESTION VEST COULDN'T ANSWER.

The late Senator Vest, of Missouri, used to say that the hardest question he ever was called upon to answer was put by the Rev. Dr. Styles, pastor of the Presbyterian Church, at Frankfort, Ky., in which the Senator's father and mother held membership. Mr. Vest met the clergyman in Missouri, and the preacher said: "Well, George, are you yet within the folds of the church, and do you still remember the teachings of our good father and mother, long since dead and in heaven, where I soon expect to join them? Now, what shall I tell them about you when we meet, about your Christian life, your daily walk and conversation?" The Senator declared that he felt himself growing pale, and he walked away without even attempting to reply.—Kansas City Journal.

STAGE

ONE OF THE BEST.

The Howard Stock Co., which have been exhibiting every night this week and which will give the last of their entertainments to-night, at the Capital Theatre, is one of the best organizations of its character now on the boards.

Its repertoire is complete, full and sustained, and deserves the best of patronage.

Unfortunately the outside attractions of the Street Fair drew from the audiences that should have attended, and it was to the great loss of those who failed to attend.

If all the entertainments to be furnished by Manager McNamara are of the same high class and we understand they are, we are fortunate.

LIBERTY BELLES COMING.
Great New York City Success Will Appear Shortly at Capital Theatre.

The best and most successful musical play ever written by that famous writer of musical comedies, Harry B. Smith, and which continues to pack the theatres wherever it appears, is that rollicking musical comedy, "The Liberty Belles," which has been secured by Manager McNamara and will be seen here at the Capital Theatre at an early date. The music is entirely original, of a high order of merit and selected from the latest success of New York productions. It is said Mr. Berger, who controls the rights for this opera, had outclassed the best and most famous organizations as far as pretty girls are concerned, and a bevy of more beautiful young ladies have never been seen in any one organization. The patrons of the Capital Theatre have a rare treat in store for them and will doubtless take advantage of it.

SHAKESPEARE'S "TWELFTH NIGHT" AS ARRANGED BY AUGUSTINE DALY.

It is of interest to know that in the present revival of Shakespeare's "Twelfth Night" the text is word for word the same as used by the late Augustine Daly, that scholarly and gifted gentleman whose death was a loss to the American stage. When Mr. Daly made his notable revival of this play some fifteen years ago, he arranged a special prompt book, which by the way, is a rare and interesting document.

When Manager Joseph Shipman engaged Miss Charlotte Burnett for "Viola" he placed it in her hands, saying as he did so: "I hope, Miss Burnett, that in presenting you with this relic of past greatness, the ghosts of the greatest American actress may hover around you to inspire your season's work."

It would seem that this wish has been granted for wherever Miss Burnett appears she is hailed as a legitimate successor of Miss Han, Mr. Daly's famous star. Mr. Shipman has surrounded Miss Burnett with a large and capable company, including Mr. George Seybold, as Malvolio, prom-

inent in the support of Charles Dalton, Julia Marlowe, and other known stars. Mr. F. J. McCarty as Sir Toby, who was leading comedian with the McCall, Fay Templeton, Boston Ideal and Emelle Melville Opera Companies, also with Henrietta Crossman in "Mistress Nell." Mr. Joseph Wilson as Sir Andrew, who is widely known for his clever renditions in such plays as "The Prisoner of Zenda" and "Puddenhead Wilson," etc. Mr. Henry Halleck as Duke Orsino, who has a long experience, notably with Frederick Warde and Louis James. Mr. Maurice Stuart, as Sebastian, who's training for this particular part was under the watchful and artistic eye of Viola Allen. Miss Kate Raye as Olivia, recently with Klaw and Erlanger's "Two Orphans," and David Belasco's "Sweet Kitty Bellairs" (Henrietta Crossman.) Miss Irene Eckels as Maria, who won distinction in "Alabama" and "Arizona." Mr. John Saphore as "Feste, The Clown," who has the unique distinction of playing "Polonius" and "First Grave Digger" 1000 times, making a cast the like of which has not been seen in recent years. We are indeed fortunate in securing a performance by this really excellent organization and just here we feel inclined to compliment a large number of our representative citizens who were instrumental in securing this company for one performance on Wednesday, Oct. 12, next. Already everything points to a record breaking audience and Manager McNamara is making preparations to accommodate the banner audience of the present theatrical season.

If you ever took DeWitt's Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not grip, sicken or weaken, but pleasantly give tone and strength to the tissues and organs of the stomach, liver and bowels. Sold by J. W. Gayle.

CANDIDATE FOR ASSESSOR.

We are requested to announce that Mr. Bourbon Quire will be a candidate for the office of Assessor, of Franklin County, to be elected in 1909. That is the term following the one for which the present candidates are interviewing the dear people. Some folks may think this is rather early for such an entry, but "Burb" says he wants, sure, to be in time. Hurray for "Burb."

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

MADE ONE ASCENT TOO MANY.

The Result Being Both Legs And An Arm Broken.

Mr. J. E. Moore, the aeronaut, who had been making the ascensions in a balloon each afternoon from the Salender wharf, during the Street Fair, succeeded very well until Thursday afternoon (although he had a narrow escape on Tuesday, when he alighted on the Episcopal Parish House). The ascension, even Thursday was very pretty, but the balloon was blown, by the high northwest wind, over the hill back of the city school building, and when Moore attempted to alight from the parachute, he fell in the top of a tree on the farm of Mrs. Kate M. Williams. The weight of the man's body caused the tree top to split and fall, and as the man had fallen to the ground, the tree top fell on him, before he could get out of the way, breaking both legs below the knee, one wrist and otherwise injuring him.

Dr. N. M. Garrett was called, and assisted by Dr. U. V. Williams, the fractures were reduced, and later Moore was taken to the King's Daughters Hospital in an ambulance.

The man's injuries are very serious and the physicians say it will be some time before it will be definitely known whether he will recover.

This is the fate that, almost invariably, overtakes the men who follow the profession of aeronaut, and yet they claim there is a fascination about the business almost impossible to overcome.

Excuse us, if you please. Terra firma is where we prefer to remain, for the present at least.

PEOPLE BELIEVE IN IT.

It has been cynically said that anything can be sold by advertising nowadays. This is not so. Many ailments have been advertised but only one—Perry Davis' Painkiller—has stood the test of sixty years' use. To-day its popularity is greater than ever and is based not upon what anything says, but upon what the remedy does. There is but one Painkiller, Perry Davis'.

COLORED MAN KILLED BY C. & O. TRAIN.

On Wednesday night, about 8 o'clock, Ollie Patterson, a colored man, who lived near the Spring Hill distillery, was passing through the tunnel, on his way home, when the west bound C. & O. train, which was belated, ran upon and killed him. Patterson had been drinking and it is supposed became frightened and confused and failed to step out of the way of the train.

The remains were taken charge of by Coroner Graham.

VALUABLE RECEIPT.

There is great complaint among our farmer friends of their poultry dying with limber neck. We have just heard of a remedy which has been tried with perfect success, and hasten to give them the benefit. It is as follows: To a half gallon of corn meal add one to two table spoons full of crab orchard salts, the mass made into a dough. This acts both as a cure and a preventive.

DOWNWARD COURSE.

Fast Being Realized by Frankfort People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow. Diabetes and finally Bright's disease.

This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Frankfort citizen.

Mrs. Amanda Dean, of 18 Taylor avenue, wife of J. T. Dean, boatman, says: "While I did not personally use Doan's Kidney Pills I can highly recommend them for the great relief they afforded my eldest daughter who has always suffered more or less from a weak back ever since a child. On account of this condition it was almost impossible for her at times to lift anything. Accompanying this there was a difficulty with the kidneys which was very annoying and distressing. I learned about Doan's Kidney Pills and procured them for her at J. W. Gayle's drug store. She took them as directed and they helped her in every way."

"Her back felt very much better and stronger and the difficulty with the kidney secretions was much improved. My youngest daughter complained a great deal of her back hurting her too. I gave her Doan's Kidney Pills and the results were her case, as well, were most satisfactory."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other.

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse ad vice we want to give you about that

in thought and apparently freezing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschen's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if direct consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

In harmony with the general disposition to get ugly, on Thursday, two men became engaged in an old fashioned fist and skull fight in a saloon on Broadway. The crowd surrounded them and would not let them use any other weapons. It was lively, you bet.

STAMPING GROUND.

Mr. J. M. Honaker and wife, returned Thursday from a several weeks' visit to St. Louis, attending the World's Fair.

We regret to learn that Mr. Joe Bond, the clever stock trader, is very ill, with little hopes of recovery.

Squire S. B. Triplett is determined to stop the dangerous practice of shooting pistols on the public roads. He fined Bud Thomas, on Thursday, \$30 and costs for this offense.

Dr. L. D. Bonner, wife and child, of Windfall, Ind., are guests of her parents, Mr. J. W. Jameson and wife.

Married—In Frankfort, on Sept. 28, Mr. Zachary Brookins and Miss Bettie Duvall, daughter, of Mr. Geo. E. Duvall, were married by Rev. O. L. Powers, of Woodlake.

Henry Jackson and son, colored, were tried in the police court Monday, on a peace warrant, and fined \$8 and \$5 respectively.

The fine tobacco crop raised this year is all safely housed. It was feared that the warm weather of last week would cause "house burn," but, happily, that is passed.

Owing to the dry weather, stock water is getting scarce. The Buffalo Spring is lower than for many years, and those owning stock have to drive them to LeCompte's Run for water.

Died—Sept. 29, of heart failure, Mrs. Pernelia Miller, wife of Mr. John Miller, aged 29 years. Three children survive her. The funeral services were conducted at the residence, on Saturday morning, by Rev. Mr. Hill, of the Baptist Church, and the remains were taken to Georgetown for burial. She was greatly beloved and will be sadly missed.

Other matters prevented your correspondent from sending a letter for several weeks.

ONE OF MANY.

H. A. Tisdale, of Summertown, S. C., suffered for twenty years with the Rheumatism. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying DeWitt's Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ring-worm, skin diseases, etc. Sold by J. W. Gayle.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.
